## 1. Objective

The objective of these Waste Services Guidelines (**Guidelines**) is to ensure the amenity of Council's municipal district is maintained through the correct placement, removal, and maintenance of Council issued Mobile Garbage Bins (**MGBs**).

As per the *Circular Economy (Waste Reduction and Recycling) Act 2021*, Council will be rolling out new services over the next 5-10 years including a Food Organics Garden Organics (**FOGO**) service that was delivered in May 2023, and a glass service in 2026/27.

## 2. Relationship with the Community Local Law 2023

These Guidelines are incorporated by reference into Council's Community Local Law 2023. Part 5 of the Local Law titled 'Waste Management' aims to manage waste collection to prevent impacts to amenity, including the management of hard waste collection and reduce impacts of contamination in the waste stream.

While an educational approach is generally used, as a document incorporated by reference into the Local Law, these Guidelines form part of the Local Law and are capable of being administered and enforced in accordance with those enabling provisions.

Any amendments to these Guidelines will be advertised on Council's website.
