

A safe, healthy and active community

Our vision

In 2040, Maroondah will be a safe, healthy and active community where all people have the opportunity to experience enhanced levels of social, emotional and physical wellbeing.

Our community said

We value the importance of improving physical, social and emotional wellbeing for all people in our community. There needs to be greater focus on promoting and supporting mental wellbeing to build community resilience. We should continue to proactively prevent violence and reduce harms from gambling, alcohol, tobacco and other drugs. Local recreation and leisure facilities and spaces remain highly valued.

The path ahead

Council will work in partnership to facilitate access to a range of facilities, services and opportunities that enhance community wellbeing. There will be a focus on a range of evidence informed issues including community safety, mental and physical health, and social harms. Community members will have access to a growing network of integrated community hubs that cater for the needs of all people.

“I would love to see a greater focus on community wellbeing through the provision of infrastructure and services.”
