Collection guidelines

- Place the correct bins out by 6am and bring them in within 24 hours of collection.
- Check your bin weight. If you can't easily wheel your bin to the kerb, or it weighs more than 40kg, then it's probably too heavy to be collected.
- Your bin lid must be fully closed. Don't overfill your bin as extra bags of rubbish will not be collected and you will be required to pick up any litter created due to the lid not being closed.

2027 Waste Map

Collections occur on the day of the week shown on your area of the map below.
Your bins will still be collected on a public holiday – even Christmas Day!

How to use the waste calendar map

Find your street on the map to see your collection day and area. Once you know your area, refer to the calendar overleaf to see which week you should put out your bin.
