

Our visit to Glen Park playground

We are going to Glen Park playground. There are lots of fun things to do there.

You can have a swing at the playground.

If you want a turn on the swing someone might already be playing on it and that's ok.

You can ask to have a turn but you might have to wait a few minutes.

You can also play on the slide. There might be other children using the slides too.

If you need help at the playground you can ask your adult/carer to assist you.

You can use the bench swing by yourself or with someone else.

You can play the bongo drums and make lots of noise.

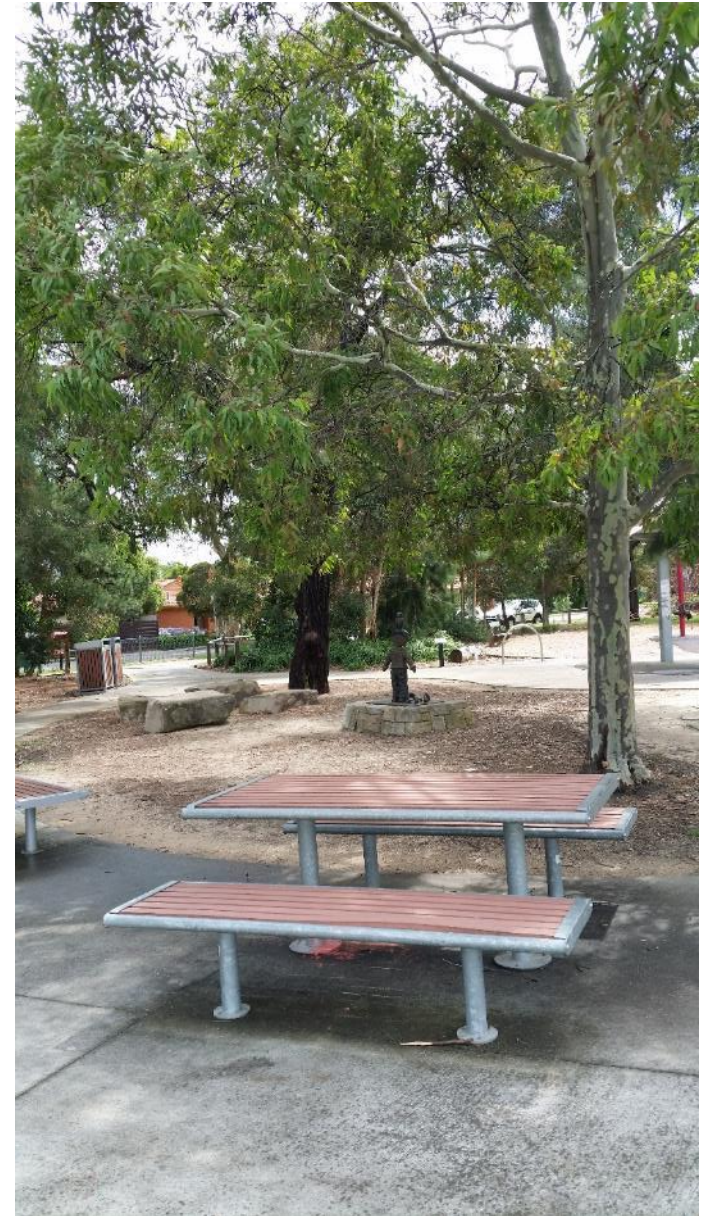

You can have fun on the climbing frames.

If you get tired you can sit down and have a rest.

You can also have your lunch or a snack in the picnic area.

There are rubbish bins close to the picnic area. Please put your rubbish in the bin to help keep our playground clean.

There is a stepping stone path near the picnic area. If you want, you can count how many stepping stones there are. If you need help, ask your adult/carer.

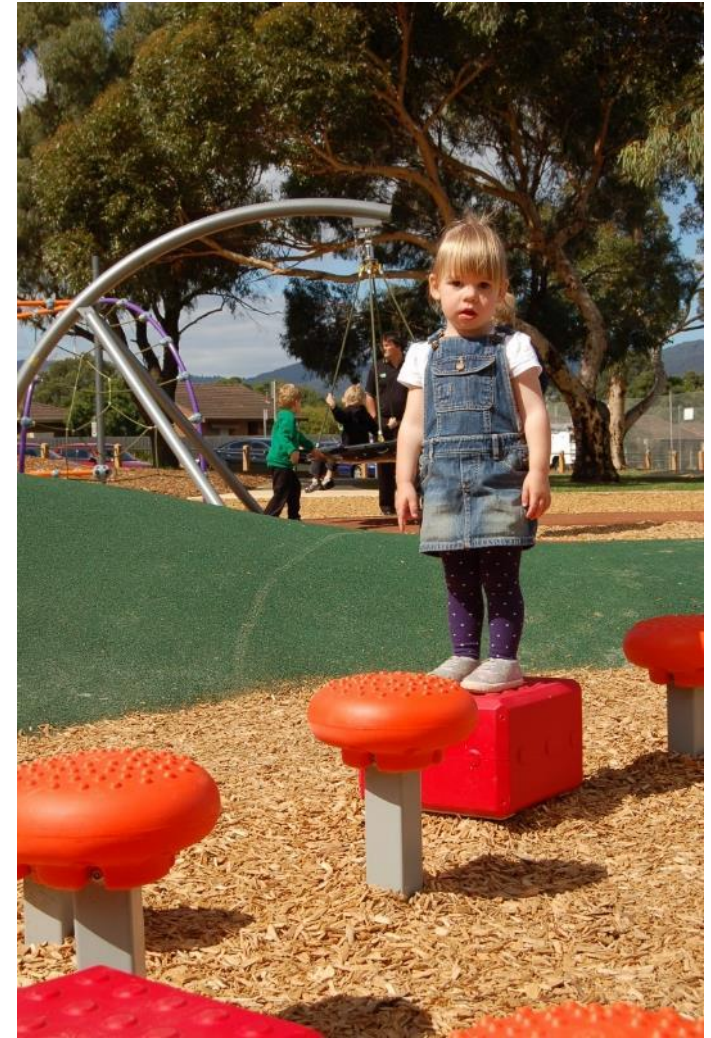

There are toilets near the playground. If you want to go to the toilet, you must ask your adult/carer to go with you.

There is a basketball court and a tennis court near the playground.
You can use these courts but you need to bring your own tennis rackets and balls.

There are many things to see and do at Glen Park playground.

Optional pages

A special part of the Glen Park playground is the learners bike track with different surface textures for bike, trike, and scooter riders.

You can take your bike with you and practice on the learner's bike track.

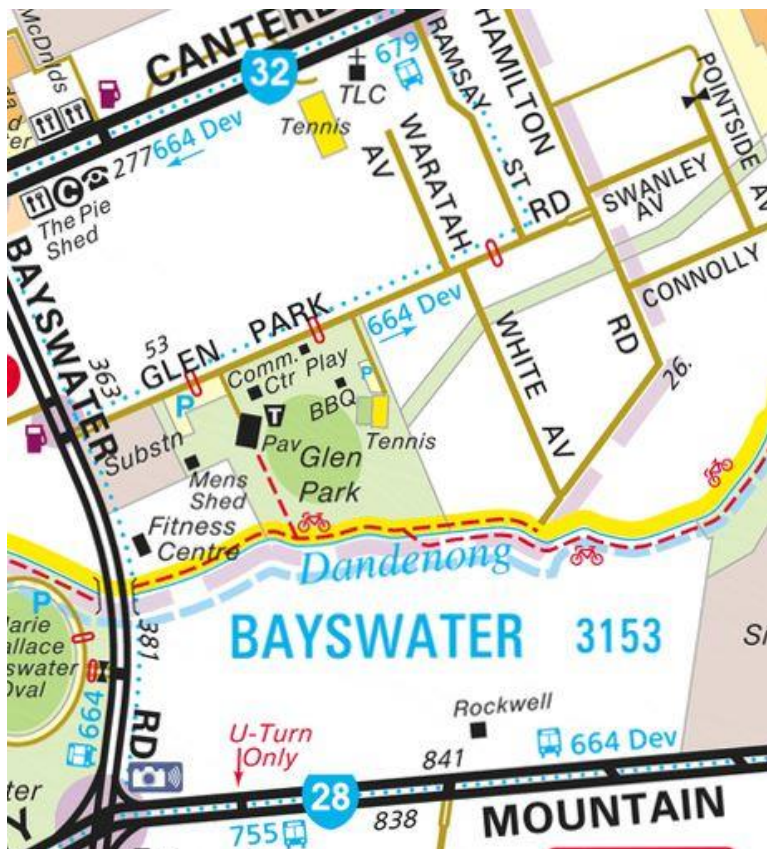

There is a bbq at the picnic area so you may like to cook your own lunch.

Glen Park Community Space

Glen Park Rd, Bayswater North

Notes for parents

This park was chosen as it is a large, quiet community space with various types of play equipment. It has a car park and is located next to the Glen Park Community Centre. The centre has a café, open Monday to Friday from 9am to 4pm. There is a toilet block near the community centre, visible from the playground.

There is also a learner's bike track with different textured surfaces and mini road signs, and an oval so there is lots of space for other activities.

Please note the playground area is quite open so you are advised to take hats/sunscreen etc for your children and a drink.

There is a special toddler's area close to the shade shelter with:

- slides
- swings
- animals
- bongo drums
- spinning disc.

For older children, there is a wide range of rope climbing challenges including:

- 6m high pyramid net
- ropes course
- spinning poles
- basket swing.

Next to the playground are free tennis and basketball courts - BYO equipment. The playground is connected to the Dandenong Creek Trail for easy walking and cycling access.

There are also some walking tracks around the community space.
