

Applicant Details:

Name: _____

Address: _____

Contact numbers: Home: _____ Mobile: _____ Email: _____

Signature: _____ Date: _____

Response Preference: Please identify if you prefer a response via email or post: Email or Post

Details of Proposal:

Address of proposed works: _____ or Same as above

1. Please specify which works you propose to undertake:

- | | |
|--|--------------------------------|
| <input type="checkbox"/> New vehicle crossing (no existing crossing) | Please go to question 3 |
| <input type="checkbox"/> Second vehicle crossing | Please go to question 2 |
| <input type="checkbox"/> Temporary vehicle crossing | Please go to question 3 |
| <input type="checkbox"/> Modifications to existing vehicle crossing | Please go to question 5 |
| <input type="checkbox"/> Relocation of existing vehicle crossing | Please go to question 5 |

Second Vehicle Crossing: (All fields to be completed.)

Note: A second vehicle crossing may only be permitted where the property frontage is greater than 20m or it can be demonstrated that there is an exceptional need for two crossings, as defined by Maroondah's Planning Scheme.

2. Do you intend to retain the existing vehicle crossing? Yes No

3. Are you proposing to construct a standard 3.0m metre wide concrete crossing to Council's Standards MCC-501, MCC-502 or MCC-503? Yes No

Refer: <http://www.maroondah.vic.gov.au/Development/Building/Maroondah-Standard-Drawings/Engineering-Standard-Drawings>.

If No to Question 3, please detail the variations you request together with a brief justification:

4. Purpose/reason for the proposed crossing.

Vehicle Crossing Modifications / Relocation:

5. Please specify which type of modification / relocation works you propose to undertake:

- Vehicle crossing widening...If so, what total width do you request at the property boundary: _____m
- Vehicle crossing level alteration
- Vehicle crossing relocation

Note: - Council typically requires the full reconstruction of the vehicle crossing when widening or modifying a vehicle crossing.
- For residential properties, the maximum vehicle crossing width Council generally allows is 4.0m.

6. Purpose / reason for the proposed modifications / relocation:

Plan Detail Required:

7. Please provide a detailed plan in the space provided below or attach a separate plan. The plan may be in the form of a sketch; however it must be legible and contain the following details:

- Location of any existing vehicle crossings and footpath sections
- Approximate positioning of any trees or services (poles, drains, pits, hydrants, meters)
- Dimensions of proposed construction works
- Approximate distance of proposed construction from adjacent property boundaries
- Indication of existing and proposed levels, if level alterations are being requested
