Acknowledgement of Country

We, in the spirit of Reconciliation, acknowledge the Wurundjeri People of the Kulin Nation as traditional custodians of the land now known as the City of Maroondah, where Indigenous Australians have performed age-old ceremonies. We acknowledge and respect their unique ability to care for Country and their deep spiritual connection to it. We pay our respects to their Elders, past, present and emerging.

Introduction

Welcome to the Maroondah City Council Grants Program.

Council has a range of grants that help make Maroondah a healthier, connected, resilient and more inclusive community. These grants support the achievement of our shared vision under [Maroondah 2050 – Our future together](#), for a safe, inclusive and vibrant community, striving for a green, prosperous and sustainable future for all. The Program is guided by Council's Community Grants Policy.

Maroondah 2050 Objectives

The objectives of the Community Grants Program align with aspirations within the Maroondah 2050 Community Vision.

- **A healthy, inclusive and connected community**
Everyone in Maroondah feels valued, welcome and respected, and has opportunities to thrive regardless of their background, identity or circumstances. Community members experiencing vulnerability, marginalisation or disadvantage have access to the support they need. Opportunities for social connection, and to enhance health and wellbeing, are encouraged.
- **A safe and liveable community**
Everyone in Maroondah feels physically and emotionally safe. Local neighbourhoods and activity centres are easy to move around. There are the housing options, amenities and services people need to live, work, learn and play locally. The unique attributes of Maroondah, and our local history and heritage, are valued and promoted.
- **A green and sustainable community**
Maroondah's green, leafy natural environment and landscape continues to be preserved and enhanced, with biodiversity and habitat corridors progressively restored and maintained. Our community is supported to make sustainable choices and is actively working to reduce emissions and waste, as well as adapt to climate change.
- **A vibrant and prosperous community**
Maroondah is a vibrant and prosperous destination. Creative precincts, placemaking, and experiences make Maroondah a culturally rich place to live, work, play and visit. Our strategic location and competitive strengths facilitate economic development, and local businesses are supported to be successful and sustainable.
- **A well governed and empowered community**
Council continues to be a transparent, accountable, and future-focused leader that collaborates locally and regionally and actively champions local needs. Everyone in Maroondah is informed about matters that affect them and are provided with opportunities to meaningfully engage regarding Council decision making.

Program Principles

The following principles guide Council's overall approach to provision of grants in scope for this Policy:

- **Responsive to needs** – our grants link to strategic priorities and identified community needs, seeking to financially assist those in the Maroondah community who will benefit most.
- **Equitable and inclusive** – we strive to ensure high levels of community awareness, ease of participation, and access to available financial support by all in the Maroondah community.
- **Efficient and effective** – our grants are offered, measured, communicated and celebrated in a manner that seeks to maximise value to the Maroondah community.
- **Responsibly managed** – our grants are well-designed and well-managed in ways that are best-fit for purpose and ensure accountable, efficient and justifiable use of available financial support.

Please see '[Getting Support](#)' on page 6.

Other information

What 'legally constituted' means

'Legally constituted' in the context of eligibility for these grants means an organisation registered under law. Examples include:

- Associations (registered under the *Associations Incorporation Act 2012*).
- Charities registered with the Australian Charities and Not-for-profits Commission (ACNC).
- Organisations with Deductible Gift Recipient (DGR) or Public Benevolent Institution (PBI) status.
- Cooperatives.
- Companies limited by guarantee and/or limited by shares (non-distribution of profits or dividends).
- Trusts that are registered with the Australian Charities and Not-for-profits Commission (ACNC).
- Local Aboriginal Land Councils.
- Organisations established under an Act of Parliament.

Role of an auspice organisation

An auspiced application is where one organisation agrees to apply for and manage a grant on behalf of another organisation or individual who isn't [legally constituted](#) (see above). If the application is successful, the auspice organisation will receive the funds, manage the project, and sign off on grant acquittals.

If you need an auspice organisation, they must be an eligible organisation under these Program Guidelines. The auspice organisation must be nominated in your application with evidence that they have agreed to auspice, in the form of a signed letter of commitment on the Council template provided.

Events on Council land

Any planned event on Council land requires an Event Application Form to be submitted at least four months prior to your event. Please note, this is separate to the Grant Application Form. Council land includes facilities such as: sporting reserves, bushland reserves, open space, roads, car parks. More information can be found at www.maroondah.vic.gov.au/Running-an-event-on-Council-land.

Public art on Council-owned sites

If you wish to install public artwork as part of your grant project, Council highly recommends finding a site that is privately-owned, but with public exposure, subject to approval of the site owner.

Public art projects on Council-owned sites can be more complex due to the nature of risk management, maintenance costs and infrastructure upgrades on Council sites. If your project includes any public art component, it is essential that you contact the Arts Development Officer, and the Public Art Program Lead. Email publicart@maroondah.vic.gov.au to discuss your project further.

Grant applications for public art projects will be additionally assessed on the applicant's understanding of the logistics, risk assessment and site-management of public art projects.

Child Safe Standards

Maroondah City Council is committed to being a child-safe organisation where all children and young people are valued and protected from harm and abuse. We have zero tolerance for child abuse.

As part of our commitment to the Victorian Child Safe Standards, Council has child safety requirements in place to help ensure the safety of children and young people under 18 years of age when providing grant funding to other organisations, groups or individuals.

Council will request information and evidence in support of these requirements at the grant application and/or funding agreement stage.

Applying a gender lens

Maroondah City Council is committed to working towards a community where everyone is safe, valued and enjoys equity of opportunity and outcomes.

Our commitment to gender equality is embedded in our Council Plan, *Maroondah 2050 – Our future together, Maroondah Liveability Wellbeing and Resilience Strategy 2021-2031* and our *Gender Equality Action Plan 2021-2025* available on Council's website.

Gender equality is an important determinant for health and wellbeing. Women, men and gender diverse people face different experiences based on social conditioning and subtle biases. Designing or delivering a project by treating all people as the same may not necessarily result in equal outcomes.

Budget tips

- **All budget items must be exclusive of GST**
- Please provide a comprehensive budget including the anticipated grant amount shown as 'income'.
- Include total budget income and expenditure for the entire project, not just the Council contribution. This can include in-kind venue hire (per hour), volunteer hours, donations, etc.
- In all applications, make sure you declare all sources of income relating to the project, including other grants, donations and in-kind contributions such as volunteer hours, use of facilities, etc.
- The standard rate for in-kind volunteer hours is \$30 per hour for general volunteer roles. For highly skilled or professional volunteer roles (e.g medical specialists, lawyers, accredited trainers), a higher rate may be used if justified and reflects the typical market rate for the relevant profession. For example, a volunteer lawyer or medical specialist may be valued at \$150 per hour.
- Reflect donations and in-kind support on both sides of your budget (see budget example below).
- Total Income (including anticipated grant amount) should equal Total Expenditure. If you have any budget questions, [please refer to the relevant Council officer](#) (page 6).
